

The J.J. Ugland  
Companies

From its headquarters in Grimstad, The J.J. Ugland Companies (JJUC) operate a global business. JJUC commercially and technically operate a fleet of 35 units, including bulk carriers, PSVs, barges, and one crane vessel. AS Uglands Rederi is the parent company of the shipping business and is also established in Stavanger and Canada through subsidiaries. AS Nymo, a full service EPC yard with a primary market in offshore production, is also included in JJUC. JJUC employ around 1,100 people and have an annual turnover of approximately NOK 1.5 billion. The companies within JJUC have a sound financial foundation that enables further expansion.

For our Stavange office, Ugland Construction AS, we are looking for:

## Project Engineer - Lifting and Marine Operations

### Main duties and responsibilities

- Produce engineering documentation, procurement and subcontract follow up
- Prepare and review procedures and method statements for heavy lift vessel operations and barge transports
- Planning and support for ballast operations and load outs for barge projects
- Project management
- Assist in tendering and commercial work
- Support projects on site and on vessels
- Provide professional advice and support for marine operations
- Build and maintain relationships with clients and suppliers
- Coordinate towards main supplier for barge preparations
- Represent the company at site during on/off-hire surveys, suitability surveys, port state control, and Class inspection.

Domestic and international traveling must be expected.

### Preferred qualifications and skills

- Relevant work experience with particular focus on load-out, marine transport and heavy lift operations
- Education as mechanical engineer bachelor's level, or equivalent such as maritime Chief Engineer
- Knowledge of, or ability to learn, CAD software
- Comfortable using and learning new digital tools

Specific job training will be given

### Required personal qualities

- Good interpersonal skills
- Systematic and structured with a proactive mindset and high drive
- Technical and commercial mindset
- Fluent in both English and Norwegian.

### We offer

- To be part of a small and highly experienced team in a financially robust shipping company
- Competitive terms of employment
- Attractive office location in the centre of Stavanger
- Company resorts at Hovden
